

Combined First Aid and Certified Flagger Training **In Person Training**

MWWA Course Seminar (Course ID # MWWA 24-008, MA Wastewater BC-2024-3837)

This training combines a First Aid Course with a Certified Flagger Course. Individuals can sign up for both the First Aid and Flagger sessions or just the Flagger session. MassDOT requires that certified flaggers have a valid first aid certificate. Individuals already possessing a valid first aid certificate only need to register for the Certified Flagger session.

This is a new training being offered to address the increasingly difficult situation of securing police details on local roadway projects. This is especially problematic when emergency repairs are needed, putting the safety of both the public and the utility workers in jeopardy. Those attending both the First Aid and Flagger sessions will be eligible for **5.0** Training Contact Hours (TCHs). Those attending just the Flagger session will be eligible for **3.0** TCHs. TCHs are approved for both MA water and wastewater operators. Morning refreshments and lunch will be provided.

Important:

- A valid First Aid Certificate must be presented at the beginning of Flagger Certification Course. Individuals that already possess a valid First Aid Certificate do not need to attend the morning First Aid session. The First Aid training being offered in the first session does not provide CPR/AED certification.
- Certificates can only be issued to those that have paid for the course(s) and pass the required certification exam(s)
- The use of Certified Flaggers must be coordinated with all local authorities.

Learning Objectives:

First Aid

- Recognize & respond appropriately to various medical emergencies
- Provide immediate care to an injured or ill person until advanced medical personnel arrive

Flagger

- Review the definitions & human factors of doing work along a roadway
- Discuss parts of a Temporary Traffic Control Zone
- Learn how to control the Work Zone & properly perform flagging operations

LOCATION:

Milford Water Department
66 Dilla Street, Milford, MA 01757

DATE:

Thursday, November 21, 2024

COST:

First Aid and Flagger Sessions: \$300 Member / \$410 Nonmembers
