

Water Systems Laborer

The Acton Water District is seeking an organized, energetic, self-motivated individual with strong mechanical aptitude and communication skills to be part of our team. Under the general supervision of the Foreman, the Laborer will assist in the maintenance of the buildings and grounds of the District, distribution/storage system, four water treatment plants, and multiple pumping stations. This is a full-time position, requiring some overtime and emergency response. Excellent benefits and hourly rate (starting at \$24) will be dependent on qualifications. Applications received by November 28, 2025 will be given priority consideration. To learn more about our organization, please visit www.actonwater.com. A job description is available at www.actonwater.com/about-us/job-opportunities. A cover letter and resume should be emailed to corey@actonwater.com. No phone calls please.
