NOTICE OF JOB POSTING

POSITION TITLE: **WASTEWATER TREATMENT PLANT OPERATOR
WATER POLLUTION CONTROL
AFSCME LOCAL 1700 – GRADE 9
FULL-TIME (40 HOURS PER WEEK)
PAY RANGE: \$58,052.80 TO \$76,151.96 PER YEAR**

Position Overview:

As a Wastewater Treatment Operator, you will play a crucial role in ensuring the efficient operation of our treatment facility. Your responsibilities will include:

- Operating the treatment facility to regulate the flow and processing of wastewater, biosolids, and effluent.
- Monitoring gauges, meters, and control panels.
- Operating valves and gates manually or remotely; starting and stopping pumps, engines, and generators as needed.
- Performing laboratory duties and assisting with maintenance when required.
- Maintaining accurate process control records.
- Driving a truck as needed.
- Assisting with the operation and maintenance of the collection system.
- Ensuring familiarity with all safety equipment used in the department.

This position reports to the Superintendent and Assistant Superintendent.

Qualifications & Requirements Minimum Qualifications:

- Massachusetts Grade 4 Wastewater Treatment Operator License (required).

Education & Experience:

- High school diploma, trade school education, or equivalent training and experience.

Skills & Knowledge:

- Ability to supervise and participate in the maintenance of mechanical equipment, buildings, structures, and grounds.
- Knowledge of wastewater treatment processes, compost operations, sewer systems, and pump stations.

POSTING DATE: **MAY 30, 2025**

APPLICATION DEADLINE: **OPEN UNTIL FILLED**

APPLICATION PROCEDURE: Submit resume to HR@bridgewaterma.org or apply directly on [Bamboohr.com/careers](https://bamboohr.com/careers)
